Dear Mr. Joyce,

We are writing to you on behalf of the 5th & Hill Neighborhood Rights Campaign to request a meeting between you and representatives of the Campaign to discuss the 5th & Hill toxic site in Champaign.

Specifically, we would like to meet in order to discuss the following:

- The role of the US EPA in the site remediation plans for the 5th & Hill toxic site;
- Principles that guide communication between the US EPA and the affected community;
- Resources available to our Campaign and community through the US EPA; and,
- US EPA's determination, as stated by the IL EPA, that "investigation has not shown any significant health risk for the surrounding neighbors or for the community as a whole."

To schedule the meeting with representatives of our Campaign, please contact Claudia Lennhoff at the address and phone number listed above. We hope to hear from you by Friday, November 14, after which time we can begin the scheduling process.

We thank you in advance, and we look forward to meeting with you.

Sincerely,

On behalf of the 5th & Hill Neighborhood Rights Campaign:

Alvin J. Hudson
U.D. Pelmore
